“

After 30 years we can proudly say: #Erasmus is one of the greatest unifying achievements in the history of our Union. And it is right that the European budget agreed by the European Council includes a 55% increase for Erasmus. This is money well spent!

”

Ursula von der Leyen

President of the European Commission

Dear reader,

Welcome to this amazing journey that is Erasmus+!

For 18 years now, ESN Cluj-Napoca has been helping international students build “a home far from home” and embrace the experience of studying abroad, of getting to know different cultures and integrating into their host society.

We are bridge builders, part of the one of the biggest students organisations in Europe. Through our activities, we aim to connect local and international students, to help them accommodate during their mobility and find self-development opportunities, while also promoting fun in friendship and respect, environmental sustainability, diversity and active citizenship.

None of this would be possible without the help and support of our partners, both commercial and institutional, to whom we are infinitely grateful. Meaningful connections and partnerships are at the core of our activity and we are always open to expanding our network. So take a look and tell us, are ready to join the family? 😊

Sincerely yours,

the Executive Team of ESN Cluj-Napoca

ESN Cluj-Napoca Future Perspectives

More influence at the local level

Increase the institutional partners network

Organize national events with a huge network impact (e.g. Escape to Vama Veche, National Teambuilding)

More members in the national and international teams

Have more section departments

Create a training network inside our section
